NPPR Mission Statement

A national forum that promotes the development, implementation, and evaluation of efforts to avoid, eliminate, or reduce waste generated to air, land, and water.

The sustainable and efficient use of energy, materials and resources is vital to the protection and enhancement of human health and the environment, and the conservation of natural resources.

These efforts are integral to accelerate the shift towards sustainable consumption and production to promote environmentally responsible social and economic development.

Target Goals

Identify opportunities and create solutions for NPPR to

- strengthen its partnership with EPA,
- increase membership value and benefits
- identify focus areas and priorities for established workgroups

Table Lead

- Facilitate discussion
- Write responses on flip chart (or designate)
- Report out

Topic 1: Partnership with EPA

- What steps should NPPR take to re-engage and strengthen its partnership with EPA?
- What's the case statement to EPA to request funding support for a national P2 conference?
- Aside from EPA, what sources of revenue should NPPR pursue to help support the organization and a national P2 dialogue?

Topic 2: NPPR Membership Value

- What value and benefit can NPPR bring to assist sustainability efforts within your job duties, and your organization overall?
- How best can NPPR promote itself to encourage membership?

Topic 3: Workgroups

A designated workgroup has been pre-assigned to your table.

- What issues should be addressed through this workgroup?
- Identify three priorities for the workgroup
